

## PROJECT PROFILE

- Title** : Diversity assessment of *Saraca asoca* (Roxb.) de Wilde for selection of superior chemotypes and mass propagation
- Principal Investigator** : Dr. Rekha R. Warriar, Scientist F
- Co Investigator** : Dr. Kannan C.S. Warriar, Scientist F
- Duration** : Four years
- Objectives**
1. Chemoprofiling of *Saraca asoca* to identify divergent material.
  2. Formulation of a protocol for mass propagation of *Saraca asoca*.
  3. Germplasm establishment in different locations.
- Funding Agency** : National Medicinal Plants Board
- Total Budget** : Rs. 35.106 lakhs
